

Not all search firms are created equal. Founded in 2005, Artemis Consultants is the premier professional services firm that helps candidates in the Software, Technology and Big Data Services industries. We help you find career opportunities in areas of Sales, Pre-Sales, General Management, Product Strategy, Analytics and Executive Leadership.

Today, Artemis continues to be an industry leader by offering a unique service that allows candidates to “Get Hunted”.

Candidates who are a part of this service will gain exposure to a community of “Members” who are Hiring Managers and C-Level executives who have an established relationship with us. Members choose to use this service to evaluate available talent for currently available roles and openings they are thinking about creating.

Get Hunted!

Talent Showcase is a members only portal to review confidential resumes of "Grade A" candidates we want to help, but are not a match for an existing opening.

Join the Talent Showcase and enjoy these benefits:

- Increase your visibility to thousands of Hiring Managers *Confidentially*.
- Dedicated support to create an attractive CONFIDENTIAL resume for Employers to review.
- Join a select group of professionals that Employers find value in interviewing, evaluating, and acquiring.
- Great way to “passively” look at options whether your actively looking for a new job or not.
- Free service for candidates!

This exclusive pool of executives are carefully chosen by our recruiters. Candidates who are a part of this service have backgrounds that represent the best the industry has to offer.

Don't take our word for it, City Beat News has awarded Artemis Consultants the “Excellence in Customer Service Award”.
